COVER PHOTOS AND CENTERSTRETCH – Len Langlois of Chatham, Ontario found his 1952 McClintock De Soto sedan ambulance at the 1995 PCS International Meet in Fort Wayne, Indiana. He has since shown it at numerous PCS international and regional meets – including the one he hosted in Kingston, Ontario in 2000. The superb portraits that grace the covers of this issue as well as our awesome centerstretch were taken by fellow Trillium Chapter member Ted Kalinowski of Windsor, Ontario.

EDITOR'S MESSAGE – The main feature in this issue is a long-overdue tribute to the humble sedan-type ambulance, once a mainstay of every small-town funeral home's vehicle fleet. The author is indebted to Tom McPherson for the majority of the photos used to illustrate this piece. Thanks, too, to Steve Loftin, Dr. Roger White, George Hamlin, and Brady Smith for their photographic contributions to this issue.

COMING UP – In Our September-October Issue: a complete report – with lots of photos of course – on the 2015 PCS International Meet in Houston, Texas and a great photo feature story on Superior's 1954-1956 hardtop professional cars by Tom McPherson.

– Walt McCall, Editor
